

Plug 'n Play Refrigeration Solution LMS Inverter Monoblock

Daikin's latest innovation for commercial refrigeration

– a propane monoblock, specially designed for small and medium-sized cold rooms, suitable for a very wide range of applications like:

- › HoReCa.
- › Supermarkets
- › Food industry
- › Logistics
- › Hospitals
- › Data centers
- › And more

The added value of using propane for refrigeration includes environmental sustainability, energy efficiency, cost savings, and safety. As a natural and efficient refrigerant, propane is a smart choice for businesses that want to reduce their environmental impact, save money, and ensure the safety of their employees and customers.

Why LMS-Inverter monoblock is the best choice for your cold room?

**Easy
Installation**
